Other Cases Effecting Rates
1. Parents with one child in Preschool at Imagine and at least one other infant or toddler at Imagine for the full day that day may sign up the preschool child at the preschool hours rate and pick up all their children at the same time. In other words, if you have a preschooler and a toddler you can sign the preschooler up for preschool hours and the toddler up for the full day, then pick up both students whenever you would like in the afternoon. (This doesn't work the other way, with preschool hours for one child and morning for the one or two.)
2. When two or more siblings are enrolled at Imagine, each siblings receives a 5% discount on tuition.
